

POPE DECLARED WW III HAD BEGUN!

On Sept 13, 2014, Pope Francis officially declared that World War III had begun. Pope Francis called it a “piecemeal” WWIII, “*a third war, one fought piecemeal, with crimes (mainly treachery), massacres (NATO Gladio false flags), destruction (mercenary wars in Iraq, Syria, Yemen),*”.

Then again in 2016 Pope Francis declared again: “*Let’s not be afraid to say this truth, The world is at war.*” “*It is perhaps not as organic, but it is organized and it is war.*”, but unlike the first two world wars, instead of happening all at once, this war is coming in stages.

Why is there another World War? Pope Francis told you why: “*There are economic systems that must make war in order to survive*”. What economic systems is he referring to? The Crown. I know, as did members of the Crown disbanded RCMP SERT (*disbanded in 1993*), who and what the Crown really represents.

The Crown is the reigning **Pope’s corporate entity and international trademark**. It is the **Pope’s Latifundia (Mafia) economic system** that wages World Wars (WWI, WWII and WWIII) in order to survive as a Holy Roman Empire.

World War I was a war waged by the Crown (Pope) to establish the Vatican Germany Second Reich. World War II was a war waged by the Crown to establish the Vatican Germany Third Reich.

Piecemeal World War III is a war being waged now by the Crown to establish and protect the Vatican Germany Fourth Reich, internationally known as the EU.
